

RETROUVÉ  
ART.SCIENCE.BEAUTY.

*“It’s a real art to make a cream that has a certain texture and feel. There are so many properties to consider in order to establish the right balance, and that’s something my chemist and I have been working on for over thirty years.”*

**Jami Morse Heidegger**

## GENESIS

More than just a brand, Retrouvé is part of a legacy. This exclusive collection of prestigious unisex skincare products was initially developed by beauty visionary Jami Morse Heidegger and husband, Klaus Heidegger, for their own personal use. The line wields new technologies and high-octane active ingredients in superior concentrations and unprecedented textures to set a new standard in luxury skincare.

Trailblazers in the cosmetics industry, Jami and Klaus steered the family's skincare line, Kiehl's Since 1851, into a cult beauty brand after taking over the reins from Jami's father, Aaron Morse, in 1988. Jami's grandfather, Irving Morse, had acquired the original pharmacy in 1921, after apprenticing with and working for Mr. John Kiehl. Within three generations, the family business grew into one of the most iconic skincare brands of all time, ultimately leading to the company's sale in 2000 to L'Oréal. Jami and Klaus worked closely with their chemist on a myriad of Kiehl's products, after which the three reunited to embark on this deeply personal project - distinctly different from anything they had done previously.

Formulated to maintain the functioning of the living cells of the dermis and infused with ingredients scientifically identified for their preventative properties, Retrouvé represents an anthology of over thirty years of collective experience, research and collaboration resulting in a super-luxurious bespoke skincare line distilled from this extraordinary family's deep knowledge and aesthetic vision of skincare.

## I N T R O D U C T I O N

**R**etrouvé incorporates advanced skincare technologies and high concentrations of clinically proven active ingredients in a unique delivery system that penetrates the epidermis, allowing a custom blend of powerful actives to pass through and nourish the dermis.

As new cells rise through the epidermal layers of the skin, they undergo multiple stages of cell differentiation - a process that dramatically alters their size, shape, function and responsiveness to cellular repair and regeneration signals.

The health and appearance of the skin begins with strong communication and robust nutrient exchanges between the epidermis and dermis. The capacity for these two main layers of skin to sustain effective levels of cell activity plays a pivotal role in the rate of cell regeneration and overall skin longevity.

Over time, the slowing of cell response and movement, along with damage to skin from sun exposure and free radicals, leads to a weakening of the core functions necessary to maintain youthful, radiant skin.

Retrouvé works harmoniously with these natural regenerative processes to optimize the skin's ability to nourish, strengthen and repair itself.

The first four products from the tightly edited Retrouvé line are as follows:

- *Intensive Replenishing Facial Moisturizer*
- *Nutrient Face Serum*
- *Dynamic Nourishing Face Cream*
- *Revitalizing Eye Concentrate*

**E**ach of the four Retrouvé products is a unique custom blend of powerful ingredients that were selected for their ability to protect, nourish or restore vitality to the skin.

The synergistic effects of these ingredients and their ability to penetrate deeply into the skin strengthen their effectiveness, thereby creating the mastery of Retrouvé.

### P R E V E N T I V E   B E N E F I T S

---

Antioxidants and other beneficial actives help protect skin from internal damage and harmful environmental external factors. Retrouvé incorporates a distinct blend of :

*White Tea, Pomegranate, Coenzyme Q10, Superoxide Dismutase, Palmitoyl Oligopeptide, Plant Complex of Wheat, Sunflower, Horsetail and Myrrh, Yeast Amino Acids, Tricalcium Phosphate and Morinda Citrofilia Extract.*

---

### D E E P   N O U R I S H M E N T

---

Enriching vitamins and soothing actives moisturize, heal and protect the skin. Retrouvé contains a select combination of : *Squalane, Vitamin E, Vitamin C, Retinyl Palmitate, Provitamin B5, Vitamin B3, L-Proline and Allantoin.*

---

### R E S T O R A T I V E   T E C H N O L O G I E S

---

Powerful plant and marine actives restore, reactivate and increase the longevity of skin cells. Retrouvé integrates : *Apple Stem Cells, Laminaria Extract, Hydrolyzed Algin, Ambiaty Extract, Padina Pavonica and Pischia/Resveratrol Ferment Extract.*

## INTENSIVE REPLENISHING FACIAL MOISTURIZER

A moisture-replenishing hydrator for the skin, and the *Aliné's* pièce de résistance, this revitalizing overnight treatment is packed with a powerful proprietary blend of vitamin-based actives and effective restorative ingredients that mimic the skin's natural moisturizing properties, locking moisture within the skin while enabling it to breathe.

Tailored to mature or dry skin and imbued with stem-cell rejuvenating properties, this luxurious gel is formulated to moisturize, nourish and plump skin when natural hydration levels and firmness have diminished. Oil-based ingredients and humectants reformatify the skin's natural hydrating layer, leaving skin rejuvenated and radiant.

---

### KEY INGREDIENTS

---

Vitamin C - Vitamin E - Squalane - Pomegranate  
Palmitoyl Oligopeptide - Laminaria Extract  
Apple Stem Cells - White Tea - Coenzyme Q10  
Padina Pavonica - Superoxide Dismutase

---

### USAGE

---

Apply as needed to the face and neck on cleansed skin, while avoiding the eye area. Use as an overnight treatment or as an intense anytime moisturizer for very parched skin.

## NUTRIENT FACE SERUM

A nourishing vitamin supplement for the skin imbued with a sophisticated gelling agent that was designed to evaporate and leave behind a residual benefit... a potent concentrate, infused with advanced enriching ingredients.

Hydrolyzed Algin embodies anti-inflammatory and epidermal stem cell activating properties and optimizes stem cell recruitment that promotes the healing of sensitive and damaged skin. A high concentration of Vitamin C (7-10%) works to brighten and repair the skin, while Ambiaty Extract promotes the activation of collagen synthesis - a process that firms and smooths the skin, improving its suppleness, radiance and overall condition. Soothing and gently moisturizing with a light, luxurious texture, this water-based serum is helpful for all skin types, but is especially ideal for individuals with normal to slightly oily skin who are experiencing signs of aging. The Nutrient Face Serum can be used either under or in conjunction with heavier Retrouvé moisturizers.

---

### KEY INGREDIENTS

---

Vitamin C - Pomegranate - Squalane - Vitamin E  
White Tea - Ambiaty Extract - Morinda Citrifolia Extract  
Pichia/Resveratrol Ferment - Laminaria Extract  
Padina Pavonica - Hydrolyzed Algin

---

### USAGE

---

Apply directly to the freshly cleansed skin of the face, neck and décolleté, excluding the eye area. This light treatment is also appropriate for use under make-up.

## DYNAMIC NOURISHING FACE CREAM

A rich, soothing cream that elegantly delivers powerful antioxidants and nourishing ingredients to the skin, thus imparting softness and hydration. Utilizing a unique natural sugar-based technology, this classic creamy moisturizer helps transport actives deep into the dermis while reducing irritation and inflammation, making it ideal for sensitive skin.

Harnessing the power of lamellar gel technology, the Dynamic Nourishing Face Cream provides significant aid in the maintenance of skin hydration levels in a similar manner as the skin does naturally, leaving the skin with the benefits of optimal hydration and the feel of a non-greasy, elegant texture.

---

### KEY INGREDIENTS

---

Squalane - Pomegranate - Vitamin C  
Vitamin E - Provitamin B5 - Coenzyme Q10  
White Tea - Laminaria Extract - Hydrolyzed Algin  
Palmitoyl Oligopeptide - Retinyl Palmitate

---

### USAGE

---

Apply generously to clean skin on the face and neck, excluding the eye area. Can be used under makeup.

## REVITALIZING EYE CONCENTRATE

A revitalizing eye treatment that enriches and plumps the delicate skin around the eyes. Designed to hydrate the skin in the same way it would naturally, this rich, water-free concentrate gently moisturizes the sensitive skin surrounding the eye areas via a powerful fusion of Squalane and pharmaceutical-grade Cholesterol Esters.

This luxurious balm contains a highly exclusive ingredient, Morinda Citrifolia Extract, which helps protect skin by converting UV rays, while a blend of vitamins plus other antioxidants functions to stimulate collagen, improve the skin's tone and reduce the appearance of fine lines.

---

### KEY INGREDIENTS

---

Squalane - Cholesterol Esters - Vitamin E  
Retinyl Palmitate - Palmitoyl Oligopeptide  
Morinda Citrifolia Extract - Padina Pavonica  
Vitamin C - Resveratrol - Yeast Amino Acids

---

### USAGE

---

Pump a small amount onto clean fingertip and, using a gentle tapping motion, apply to eye area around the orbital bone, careful to avoid direct contact with eyes or the immediate eye area.

## PREVENTIVE ACTIVES

**WHITE TEA** is one of nature's most potent antioxidants, helping to protect collagen and elastase from enzyme damage.

**POMEGRANATE** is a multifaceted antioxidant that assists and treats sun-damaged skin.

**COENZYME Q10** is an antioxidant naturally produced by the body that aids in neutralizing free radicals and supports the building of collagen and elastin, both of which help to reduce the appearance of fine lines and wrinkles.

**SUPEROXIDE DISMUTASE** is an enzyme naturally found in the body that lessens free-radical damage to the skin, thus assisting to prevent wrinkles, fine lines, age spots and other visible signs of aging.

**PALMITOYL OLIGOPEPTIDE** stimulates collagen and hyaluronic acid production in the deep layers of the skin while providing natural UV protection that aids in protecting skin cells from sun damage.

**PLANT COMPLEX OF WHEAT, SUNFLOWER, HORSE-TAIL & MYRRH** incorporates remineralizing, anti-oxidizing and regenerating properties to fortify mature skin.

**YEAST AMINO ACIDS & TRICALCIUM PHOSPHATE & MORINDA CITRIFOLIA EXTRACT** carry flourophores that absorb and convert UV radiation, a process that contributes to the prevention of wrinkles and the reduction of photo damage.

## NOURISHING ACTIVES

**SQUALANE** is a naturally occurring emollient that has similar properties to human sebum, enabling a high degree of penetration. It also helps to protect the skin and to reduce moisture loss.

**TOCOPHERYL ACETATE AND TETRAHEXYLDECYL ASCORBATE (VITAMINS E & C)** when used together provide a strong combination to help protect and repair skin from UV damage.

**RETINYL PALMITATE (VITAMIN A)** is a potent antioxidant that converts to retinol when absorbed by the skin, leading to increased collagen production and plumped skin.

**PANTHENOL (PROVITAMIN B5)** reduces inflammation and adds essential moisture to the skin.

**NIACINAMIDE (VITAMIN B3)** helps prevent skin from losing water content, decreases hyperpigmentation and stimulates microcirculation in the dermis.

**L-PROLINE** is an amino acid that strengthens and rejuvenates aging skin cells and assists in reducing sagging, wrinkling and aging of skin due to sun exposure.

**ALLANTOIN** is derived from the extracts of the comfrey plant and is highly regarded for its skin soothing and healing properties. This unique ingredient softens the skin and enables it to absorb more moisture.

## RESTORATIVE ACTIVES

**APPLE STEM CELLS** are harvested from a rare, tannin-rich variety of apple found in an isolated area of rural Switzerland. These highly effective apple stem cells have been clinically proven to preserve and protect skin stem cells, playing a vital role in assisting in the prevention of visible signs of aging.

**LAMINARIA EXTRACT** is a substance rich in polysaccharides, polyphenols and minerals that are capable of rejuvenating and protecting adult stem cells in the dermis. This revitalizing ingredient is effective in renewing fibroblasts, stimulating collagen production in mature skin, and reducing the appearance of fine lines and wrinkles.

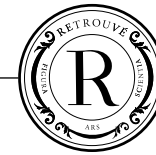

**HYDROLYZED ALGIN** is a marine polysaccharide packed with anti-inflammatory, soothing and healing properties. A result of highly advanced marine biotechnology, this exceedingly reparative active optimizes the division of epidermal stem cells, stimulates stem cell activity and aids in the promotion of tissue regeneration.

**AMBIATY EXTRACT** is obtained from the leaves of the elusive Vernonia Appendiculata plant that grows in remote regions of Madagascar. Ambiaty Extract enhances the communication and exchange between the dermis and the epidermis, which in turn serves to improve skin condition, firmness, suppleness and radiance.

## RESTORATIVE ACTIVES

**PADINA PAVONICA** is a potent algae cultivated in the Mediterranean Sea that naturally renews the firming, elastic and moisturizing properties of the dermis, catalyzing increased collagen production and enhanced skin rejuvenation.

**PISCHIA / RESVERATROL FERMENT EXTRACT** is a bio-fermentation extract that reduces inflammation, promotes firming and assists in maintaining the structural integrity of the dermal epidermal junction.

*Retrouvé is not tested on animals and aims for an environmentally conscious use of materials.*

*To preserve the high concentrations of actives in each formula from the detrimental effects of light and oxidation, Retrouvé is made under vacuum and delivered in black airless glass containers. Exposure to extremes of temperature should be avoided.*

*Retrouvé does not contain dyes, artificial fragrances, parabens, silicones, petrolateums or mineral oils.*

# RETROUVÉ

ART.SCIENCE.BEAUTY.

[www.retrouve.com](http://www.retrouve.com)

*Dear Valued Customer,*

*Thank you for your Retrouvé purchase.*

*To maximize your luxury skin care experience and assist you in the maintenance of your Retrouvé product, please read the following important instructions before application.*

*We have prepared this information specifically for customers of Retrouvé; however, these procedures are generally recommended for use in the application of any skin care product.*

## I N S T R U C T I O N S

1. Products should be applied only to clean skin.
2. Always cleanse hands thoroughly before applying any products to the face or eye area in order to prevent germs, bacteria, dirt or other contaminating substances from being transferred from your fingers.
3. If you are an individual with sensitive skin, we recommend applying a small amount of product to the inside of wrist or elbow area and leaving on for several hours as a “patch test.” This process will help you to assess whether this product is compatible with your skin type before you apply it to your face or eye area.
4. Should any irritation be noticed or felt from this or any other skin care product, remove product immediately with warm water or a clean cloth or cotton pad, and discontinue use. Consult your physician should prolonged irritation ensue after removing product from affected area.
5. For optimal maintenance of the efficacy and integrity of the product, do not expose to extremes of hot or cold temperatures. Ideally, products should be stored in a dry place at room temperature and away from areas of humidity or that incur frequent changes in temperature such as the shower or bathing area.
6. Do not let fingertip directly touch the nozzle of the dispensing area. Instead, allow the pump to project the product onto clean fingertip and repeat as needed.
7. When using skin care preparations for the care of skin around the eye area, it is important to apply in gentle tapping motions along the orbital bone area expanding outward from the cheek toward the temple area, avoiding direct contact with the eye or immediate eye area.
8. These products are for external use only. Do not ingest.
